

REACH Confirmation

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council

Regulation	Concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC						
Explanation	<p>The REACH regulation defines the safe production and use of chemical substances in the European Union. Being a Swiss producer, we are not subject to the REACH regulation.</p> <p>ELESTA GmbH is a downstream user and as such doesn't produce any substances or formulations. We procure all basic materials and formulations from which our products are made from suppliers who, if required, have either already registered or pre-registered the substances and materials. Our products are not liable to registration in the sense of REACH.</p> <p>Based on the SVHC (Substances of Very High Concern) list of 224 candidates, issued on 10.06.2022 and published by the ECHA (European Chemicals Agency in Helsinki, see webpage http://echa.europa.eu/en/information-on-chemicals) our products are not subject to any information duty in compliance with Article 33, i.e. our products do not contain any substances of the list of candidates. Should a future list of candidates list a substance contained in a product supplied by us, we shall duly inform you as specified in the regulation on chemicals.</p> <p>Information of relevance to safety will of course be made available on request</p>						
Confirmation	ELESTA GmbH confirms that material and safety data sheets from its suppliers concerning the materials and substances used in its products are to hand or that such documents will be made available by our suppliers until such time as the registration duty ends.
