

TSCA Confirmation for Relays and Accessories

Paragraph 6(h) in the Toxic Substances Control Act (TSCA)
of the U.S. Environmental Protection Agency (EPA)

Certificate of environmental compatibility

Environmental compatibility is a special concern of ELESTA GmbH. For years, all materials, auxiliary materials, packaging materials, cleaning agents, etc. used have been selected with regard to environmental compatibility. Careful handling of natural resources, lowest possible energy consumption, pendulum systems for input materials and auxiliary materials, as well as optimized recycling processes are a matter of course for us and go far beyond what is required by law.

TSCA-Conformity

Our products do not contain any of the substances banned above the limits according to paragraph 6(h) in the Toxic Substances Control Act (TSCA) as persistent, bioaccumulative or toxic (PBT) classified substances. ELESTA has obtained the necessary information from its suppliers on all affected products and has taken reasonable steps to confirm the status of the products.

PBT substances listed in TSCA paragraph 6h as of the date of this confirmation:

- 2, 4, 6-Tris(tert-butyl)phenol (2, 4, 6-TTBP, CAS 732-26-3)
- Decabromophenylether (DecaBDE, CAS 1163-19-5)
- Hexachlorobutadien (HCBd, CAS 87-68-3)
- Pentachlorothiophenol (PCTP, CAS 133-49-3)
- Phenol, Isopropylated phosphate (3:1) (PIP (3:1), CAS 68937-41-7)

Validity

The conformity applies to the entire product portfolio currently available, namely the relays and accessories of the series listed below:

Relay series: SISF, SIS, SIF, SID, SGR, SIM, SLR, SIR, SIP
Relay accessories: SRD, SRP
